

Meeting Minutes Sprint 2 Meeting 5

Date: Thursday March 7th, 2024

Duration: 45 minutes

Location: Hybrid: JMSB 3rd floor & online

Members present:

- Vinisha Manek
- Ambrose McLaughlin
- Philippe Rebeiro
- Christopher Mezzacappa (online)
- Michael Mezzacappa (online)

Meeting Agenda

- Progress on CRUD operations
- Unit tests
- Acceptance test

Discussion Points

-Progress on CRUD operations

Summary of discussion: Reviewed the development progress on CRUD operations on cars, users and reservations. Progress is going well, almost all CRUD operations are complete, still need to implement admin modifications on reservations and users.

Decision made: No decisions made

Action items assigned: Chris will work on admin implementation on modifications and deletions of any user reservation.

- Unit tests

Summary of discussion: Implementing unit tests for CRUD operations.

Decision made: Unit tests will run automatically for every push or merge and will run automatically to validate every CRUD operation.

Action items assigned: Ambrose will implement Unit Tests.

- Acceptance tests

Summary of discussion: We outlined the acceptance tests for each user story.

Decision made: We agreed on two acceptance tests per user story to ensure comprehensive coverage.

Action items assigned: Vini will write the acceptance tests.

Next Steps

- Implementing Unit tests and Acceptance tests
