Meeting Minutes Sprint 2 Meeting 2

Date: Friday February 16th, 2024
Duration: 1 hour 45 minutes
Location: Faubourg 206, Concordia

Members present:

- Ambrose McLaughlin
- Philippe Rebeiro
- Vinisha Manek
- Christopher Mezzacappa
- Michael Mezzacappa

Meeting Agenda

- Review of Git/Git commands
- Start the React components
- Review User model and Vehicle model

Discussion Points

- Review of Git/Git commands
Summary of discussion: Discussed Git commands, utilization of GitHub Desktop application, and distinguishing between remote and local branches.
Decision made: No specific decision was made during this discussion
Action items assigned: N/A

- Start the React components
Summary of discussion: Identified the necessity to create a template and align on the approach for working on the front-end collectively
Decision made: Phil will initiate the creation of the first template, and discuss what was made with the front-end team in order to begin coding as soon as possible.
Action items assigned: Phil will create the initial template.

- Review User model and Vehicle model
Summary of discussion: Revisited the creation of the User model and Vehicle model to ensure consistency and ease for all members of the team when needing to access these values.
Decision made: No specific decision was made during this discussion
Action items assigned: N/A

Next Steps

- Start working on the front-end components: login/sign up page, profile page, all available cars page.
- Meet again next week
